

COMPANY PROFILE

VISION

To be the ideal products & solution provider in ICT & Energy Sector by the year 2030

MISSION

To Lead the ICT & Energy Sector in providing quality, reliable products & Solutions to our customers within desired time limits through continuous improvement driven by the integrity, inspiration, innovation and team work of our staff.

CORE VALUES

Our core values are an integral part of our culture and our guiding star:

- **PASSION**

We show pride, enthusiasm and dedication in everything that we do. We are committed to selling and delivering high quality products and services.

- **CUSTOMER SATISFACTION**

We serve our customers competently, efficiently, knowledgeably and with flair in a bid to meet or exceed their expectation in every product or service.

- **QUALITY**

We strive for superior quality in every product or service.

- **EFFICIENCY & RELIABILITY**

We ensure speedy delivery of our products and services within desired time limits. Our word can be relied on.

- **INTEGRITY**

We employ the highest ethical standards, demonstrating honesty and fairness in every action that we take.

- **EXCELLENCE**

We have outstanding practice, and methods that have distinguished us from amateurs. For the past 4 years, Rolive has been recognizing employees for exemplary fulfillment of the Company's strategic growth, productivity, people values and ethics.

- **INNOVATION**

We are creative in delivering value to our customers and stakeholders. We anticipate change and capitalize on the many opportunities that arise.

- **TEAMWORK**

We value and care about each other, operate with a generosity of spirit, and have fun in the process of working together. To maximize our collective impact, we inspire, challenge, and support each other to be our best and sustain our efforts.

- **RESPECT & HUMILITY**

We value the strengths, experiences, and perspectives of others, and treat our customers, team members, partners and suppliers with mutual respect and sensitivity.

- **BALANCE**

We are flexible, helping team members strike a healthy work and life balance.

- **PROFITABLE GROWTH**

Seeking sustainable, profitable growth by encouraging relentless pursuit of our vision, simplicity of style, and speed of action, innovation and leadership in all of our chosen business activities.

COMPANY BACKGROUND

Rolive Kenya Limited is a fully fledged company registered and incorporated in Kenya. We offer complete solutions in Information & Communication Technology, Renewable Energy Solutions, Electrical Installation and Power Distribution to non- governmental organizations, government ministries, State Corporations, financial institutions, airlines and the private sector.

The company has two functional divisions, namely ICT division and Electrical division. We bring a fresh and innovative approach to solutions and services that we offer, by acting as liaisons between the clients and the principal manufacturers. Our goal is to exceed the expectations of every client by offering outstanding customer service, increased flexibility, and greater value, thus optimizing system functionality and improving operation efficiency. Our associates are distinguished by their functional and technical expertise combined with hands-on experience, thereby ensuring that our clients receive the most effective and professional service.

As experts in the delivery of complete Integrated Solutions, Integrated Supplies & Consultancy Limited is involved at every stage from delivery, implementation to completion offering continual functional and technical support. Our extensive skills encompass all aspects of implementation and operation, including business requirements definition, compilation of functional specifications for client approval, solutions design and overseeing implementation teams carry out their work to fit specific client needs.

Exceptional functional and technical expertise coupled with extensive industry knowledge makes Integrated Supplies & Consultancy Limited, the ideal choice solutions provider to manage the implementation of all your ICT and Power needs.

OUR TEAM

In order to meet the individual needs of our clients, Rolive Kenya Limited maintains a wide range of qualifications. Our Staff are highly skilled, experienced and motivated individuals with backgrounds varying from systems software, systems hardware, software development, electrical engineering, telecommunications, cabling systems, finance and insurance.

DIRECTORS

GEORGE NJENGA - BUSINESS DIRECTOR

Holds a Master's Degree in Business Administration and Bachelor of Science (B.Sc.) degree in Telecommunication Engineering studies from Kenyatta University. He also acquired PMP, FOA/CFOT/D, MCSE, N+, A+, CCNA certificates after attending professional courses.

GABRIEL MUTISO - OPERATIONS DIRECTOR

Gabriel is a graduate of University of Nairobi and has a Bsc in Computer Science and Post graduate diploma in Telecommunication engineering from Kenya polytechnic. He also acquired N+, A+, CCNA, CSSLP, CSDP, ICCP, CISA and PMP certificates after attending professional trainings.

GRACE WANJA - MANAGING DIRECTOR

Holds a Bachelors Degree in Information Technology from Jomo Kenyatta University of Technology and Agriculture. She also has a Diploma in Procurement and Supplies Management from Jomo Kenyatta University of Technology and Agriculture.

KEY PERSONNEL

Rolive Kenya Limited. registered office is situated at International Life House, Mama Ngina Street, Nairobi

SYSTEMS & TECHNICAL ENGINEERS

CAROLINE MURITHI-ELECTRICAL&ELECTRONICS ENGINEER

- BSc. Electrical & Electronics Engineering - University of Nairobi
- Registered as a Graduate Engineer by the Kenya Engineers Registration Board
- MCSE, CCNA
- Over 10 Years' experience Specialized in:
 - Renewable Energy
 - Project Management
 - Design & Implementation of Electrical systems
 - ISO 9001 Certification systems
 - Tender Document Preparation
 - Report Preparation

ERIC MUEMA

- Bachelors in Business & Information Technology
- Application Security Engineer - Mastery Award
- Application Security Engineer - Explorer Award
- Data Science & Analytics Intro
- CCNA Routing and Switching Introduction to Networks

SYSTEMS & TECHNICAL ENGINEERS

CHRISPINE OKETCH - TECHNICAL ENGINEER

- Diploma in Information Technology
- Siemon Certified Structured Cabling Systems (Copper & Fiber)
- Giganet Certified Structured Cabling Systems (Copper & Fiber)
- Data Comms Structured Cabling Systems (Copper & Fiber)
- Over 10 Years' experience

JUSTUS MULI - ELECTRICAL, REFRIGERATION & AIR CONDITIONING ENGINEER

- BSc. Electrical Engineering
- Over 5 Years' experience Specialized in:
 - Electrical Engineering
 - Refrigeration & Air Conditioning
- Electrical, Electronic & Mechanical Engineering
- Installation & Maintenance of Refrigerators
- Installation & Maintenance of Air Conditioners
- Installation & Maintenance of Generators
- Installation & Maintenance of Electrical Wiring

PIUS GITOBU

- Graduate of University of Nairobi Degree in Electrical and Electronics engineering (heavy current/power) option
- Class 'A' Telecommunication Engineer Certification
- Advanced wireless communication GSM & CDMA
- Class 'A-1' electrician certification
- Advanced training on Ascot generators by Ascot Factory Engineers.
- Advanced training on Nokia Siemens Networks Hybrid power systems.
- Training on Sony display systems, Audio/ Visual Conference systems,
- DVCAM (camcorders and VCRs)

YUSUF LIEMA- PROJECT MANAGEMENT

- Diploma in Computer Information System
- Microsoft Packages

SALES & MARKETING

ERIC KIBE - ICT SALES ENGINEER/ACCOUNT MANAGER

- Bachelor of Business and Information Technology - Second Class Upper Division
- Veeam Technical Sales Professional (VMTSP)
- IBM Bluemix Training
- HP Training
- Lenovo Training
- Over 5 years' experience

EVANS IRUNGU - ICT SALES ENGINEER/ACCOUNT MANAGER

- BSc. Computer Science & Engineering - Second Class Lower Division - Maseno University
- CCNA - Networking Basics Certificates
- CCNA - Routers & Routing Basics Certificate
- Centurion Programmable Logic Controls Certificate
- Computer Repairs & Maintenance Certificate
- 10 years' experience

FINANCE & ADMINISTRATION

SHALOM WAITHIRA - ACCOUNTANT

- Bachelor of Economics and Finance. Accounting Option at Kenyatta University
- CPAK

HELLEN WANGUI - FRONT OFFICE MANAGER/BID EXECUTIVE

- Diploma in Business and ICT - Distribution
- ICDL Certified
- DELL & Kaspersky Certifications

RACHAEL MWANGI - BID EXECUTIVE

- Bachelor of Business Administration - Supply Chain Management Option (2nd Class Honours - Upper Division)
- Certificate in Computer Packages

ICT DIVISION

INFORMATION AND COMMUNICATION TECHNOLOGY PRODUCT PROFILE

Reliable, Quality Solutions for all your ICT needs

WHY US?

because we exist to serve your needs

Ever since our start-up, Rolive has been focused on providing customers with solutions they seek. As demand grew, for new solutions to customers' problems or needs, Rolive made investments to meet those customer demands. **WE ARE CUSTOMER FOCUSED...**

Other reasons to choose us include:

- A combined average of over 20 years of experience.
- Proven experience in delivering large scale projects.
- Unique knowledge in ICT implementation.
- Strong relationship with leading vendors.
- Operational efficiency and flexibility.
- Innovative service concept.
- Excellence in service design.
- Optimizing performance to customer requirements.

CORE COMPETENCIES

Our Core competence is summarized in our ability to create the future our clients dream of today. We are especially competent in:

- ICT consultancy & Contract Implementation.
- Design, Installation, Configuration of Fiber Optic Network designs, and Maintenance services.
- GSM Tower Designs and Installation.
- Server rooms raised floors, Air conditioning & fire suppression systems.
- Design, Installation and configuration of data centers and disaster recovery sites.
- Design, Installation, Configuration and Maintenance of CCTV Surveillance and Enterprise Access Control solutions.
- Design installation & configuration of Video conference solutions.
- IT Security Solutions & Cyber Security.
- Design, Installation, Configuration and Maintenance of Asset Management Systems.
- Supply and Maintenance of Computer Hardware, peripherals and consumables.
- Design, Installation and Implementation of Uninterruptible/Standby Power Solutions.
- Design and Development of Workflow systems, Document Management Systems & ERPs.
- General Supplies.
- Power Solutions and Installation.

OUR PARTNERS

Rolive successfully holds Integrator agreements with all its partners to bring original equipment and the newest ICT Technology to market.

Rolive Kenya Limited has adopted a multi-vendor strategy with a wide range of products to complement established businesses and provide complex systems solutions through Information and Communication Technology (ICT) marketplace.

To achieve our objectives, we have formed business alliances with major players in the ICT industry and have trained our personnel to meet the demands required by our partners.

GSM DIVISION

Rolive Kenya is a communication technologies solution provider whose objective is to provide communication network solutions for; Mobile Network Operators, Fixed Network Operators, Regulators, Broadcasting houses, Internet Service Providers (ISPs) Governments and large business organizations. We are also active in offering solutions for Civil works and construction.

TURNKEY ROLLOUT GREEN FIELD AND RT

Rolive Kenya is a reputable provider of innovative, easy to deploy, cost effective, quality Civil Engineering & Infrastructure solutions of any scope of project rollout for global telecom operators and OEM's. Rolive group 's expert civil engineers have vast experience catering for a wide range of telecommunication networks – primarily wireless, fiber optic networks and microwave – customizing site and network elements to our customers' specific needs. Our scope of services for end-to-end solutions include:

- Site Design and Engineering
- Structural Solutions
- Project Management
- Field Implementation

Rolive Kenya specializes in a wide array of innovative solutions for fast deployment sites that are cost-effective, minimize the site footprint and consider the environment by being integrated to provide additional applications or camouflaged in decorative solutions.

Fast deployment sites offer operators:

- Fast rollout – site can become operable in less than 24 hours..
- High quality prefabricated elements such as concrete and steel works assembled on site.
- Minimum site layout – increases possibility of selecting site and rental fees (better OPEX).
- Temporary solution – tower and foundation can be transferred and re-erected in other locations.

As environmental awareness and aesthetics requirements of our customer grow we implement different decorative solutions to increase their functionality and blend both GF, monopole and RT towers in their natural surroundings.

Samples of these decorative solutions – decorative monopoles, integrated with street lighting, hidden in billboards or any other element in the natural surroundings. Keeping abreast of the field, Rolive offers in-depth knowledge and updated solutions for all telecom technologies.

Rolive solutions are tailored to specific needs, whether as a comprehensive end-to-end turnkey solution for full network deployment, or as a particular solution catering to only one aspect of the project.

Rolive Civil Engineering executes complete telecom networks rollout from the preliminary stage requirements identification and tendering process to prompt turnkey delivery of an operative site. With an impressive track record Rolive group interdisciplinary experts execute all phases of turnkey projects and furnish our clients with the entire range of civil infrastructure services.

ELECTRICAL DIVISION

Rolive Kenya Ltd - Electrical Division offers a wide range of Electrical installations to Residential and Corporate market sector.

We pride ourselves in executing complex projects within project timelines while observing safety and quality of our works.

ALL-IN-ONE LED WALL & STREETLIGHTS

**LED PRODUCTS
INCLUDE:**

- LED TUBES
- LED FLOOD LIGHTS
- LED BULBS
- LED STREET LIGHTS

Light-emitting diode (LED) products are made from semi-conductors that are assembled into lamps (or light bulbs) for use in lighting fixtures. LED lamps offer comparatively long life compared to incandescent lamps and some fluorescent.

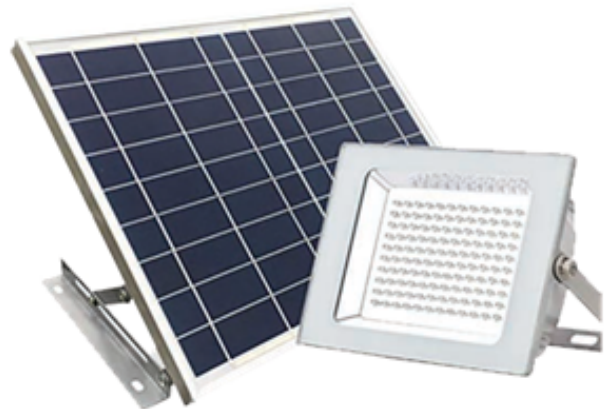

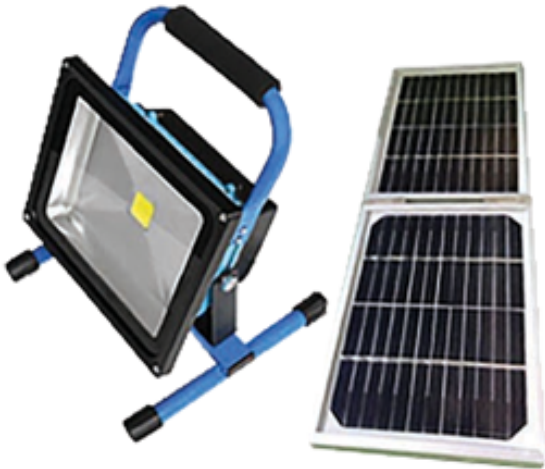

Rolive solar is committed to providing our customers with outstanding service and the highest quality products in LED lighting.

Benefits

- Auto On/Off function
 - Simple installation
 - Zero maintenance cost
 - No cables required
- Zero electricity bills

OD LIGHTS & BILLBOARD SOLAR LED

BENEFITS

- Auto On/Off function.
 - Simple installation.
 - Zero maintenance cost.
 - No cables required
- Zero electricity bills

ELECTRICAL INSTALLATION PRODUCT PROFILE

**Reliable, Quality Solutions for all your ELECTRICAL
INSTALLATION needs.**

OUR PRODUCTS

MAIN PRODUCTS

ALLIED PRODUCTS

MAIN PRODUCTS - VACON

**VACON 100
SERIES VFD**

**VACON 100
INDUSTRIAL**

- VACON 100 SeriesVFD
- VACON 20 SeriesVFD
- VACON NX Series VFD
- DANFOSS MCD Softstarters
- Advance Harmonic Filter
- Sine Wave Filter dU/dT Filter

**VACON NXP
SYSTEM DRIVE**

MAIN PRODUCTS - AUCOM

- MVE Medium Voltage Softstarters
- MVX Medium Voltage Softstarters
- EMX Series Advance LV Softstarter
- CSXi Series Low Voltage Softstarter

MAIN PRODUCTS - SCHNEIDER

Smart UPS VT Effective 10-40kVA 3 phase UPS power protection against down time and data loss for mission critical applications.

**Galaxy 300
10-80kVA compact 3 phase power protection with scalable runtime for small data centers and other business critical applications.**

**Galaxy VX
Highly efficient 3-phase power protection with flexible operating modes 500 to 1500kVA**

**Galaxy VM
Highly efficient 160 - 1125kVA - 480V and 160 - 1000kVA 400V 3 phase UPS power protection that seamlessly integrates into medium data centers, industrial or facilities applications.**

MAIN PRODUCTS - SCHNEIDER

**CIRCUIT BREAKER
FG1 - FG2 CIRCUIT
BREAKER**

**Protection Relay Sepam 2000
Protection Relay & Sepam 60-
80 series -
Protection Relay**

**ECOFIT SOLUTIONS
FOR MV AND LV
PRODUCTS**

**Circuit Breaker
Masterpack M Circuit
Breaker & Masterpack
NW Circuit Breaker**

**Circuit Breaker
DS Circuit Breaker
& Masterpack NT-NW
Circuit Breaker**

**Circuit Breaker DA
Circuit Breaker &
Masterpack NW
Circuit Breaker**

ALLIED PRODUCTS

- Air Circuit Breakers(ACB)
- Molded Case CircuitBreakers (MCCB)
- Miniature Circuit Breakers (MCB)
- Capacitor Unit / Capacitor Bank / PF controller
- Contactors and OverloadRelays

- Process Instrumentation
- Process Analytics
- High Voltage Motors
- IEC Enhanced Performance LV Motors

- Medium Voltage CircuitBreaker
- LV Air Circuit Breakers
- Miniature Circuit Breakers
- Molded Case CircuitBreakers
- Switches and Disconnects
- Control Products

- Industrial Lighting
- Highbays
- Floodlights
- Tubes

- IEC General PurposeInduction Motors
- Nema Standard Motors
- IEC Two Speed Motors
- Low and High Voltage Machinery Motors
- Hazardous Area Application Motor

- LED Tubes
- LED Indoor Luminaires
- LED Outdoor Luminaires
- LED Lamps

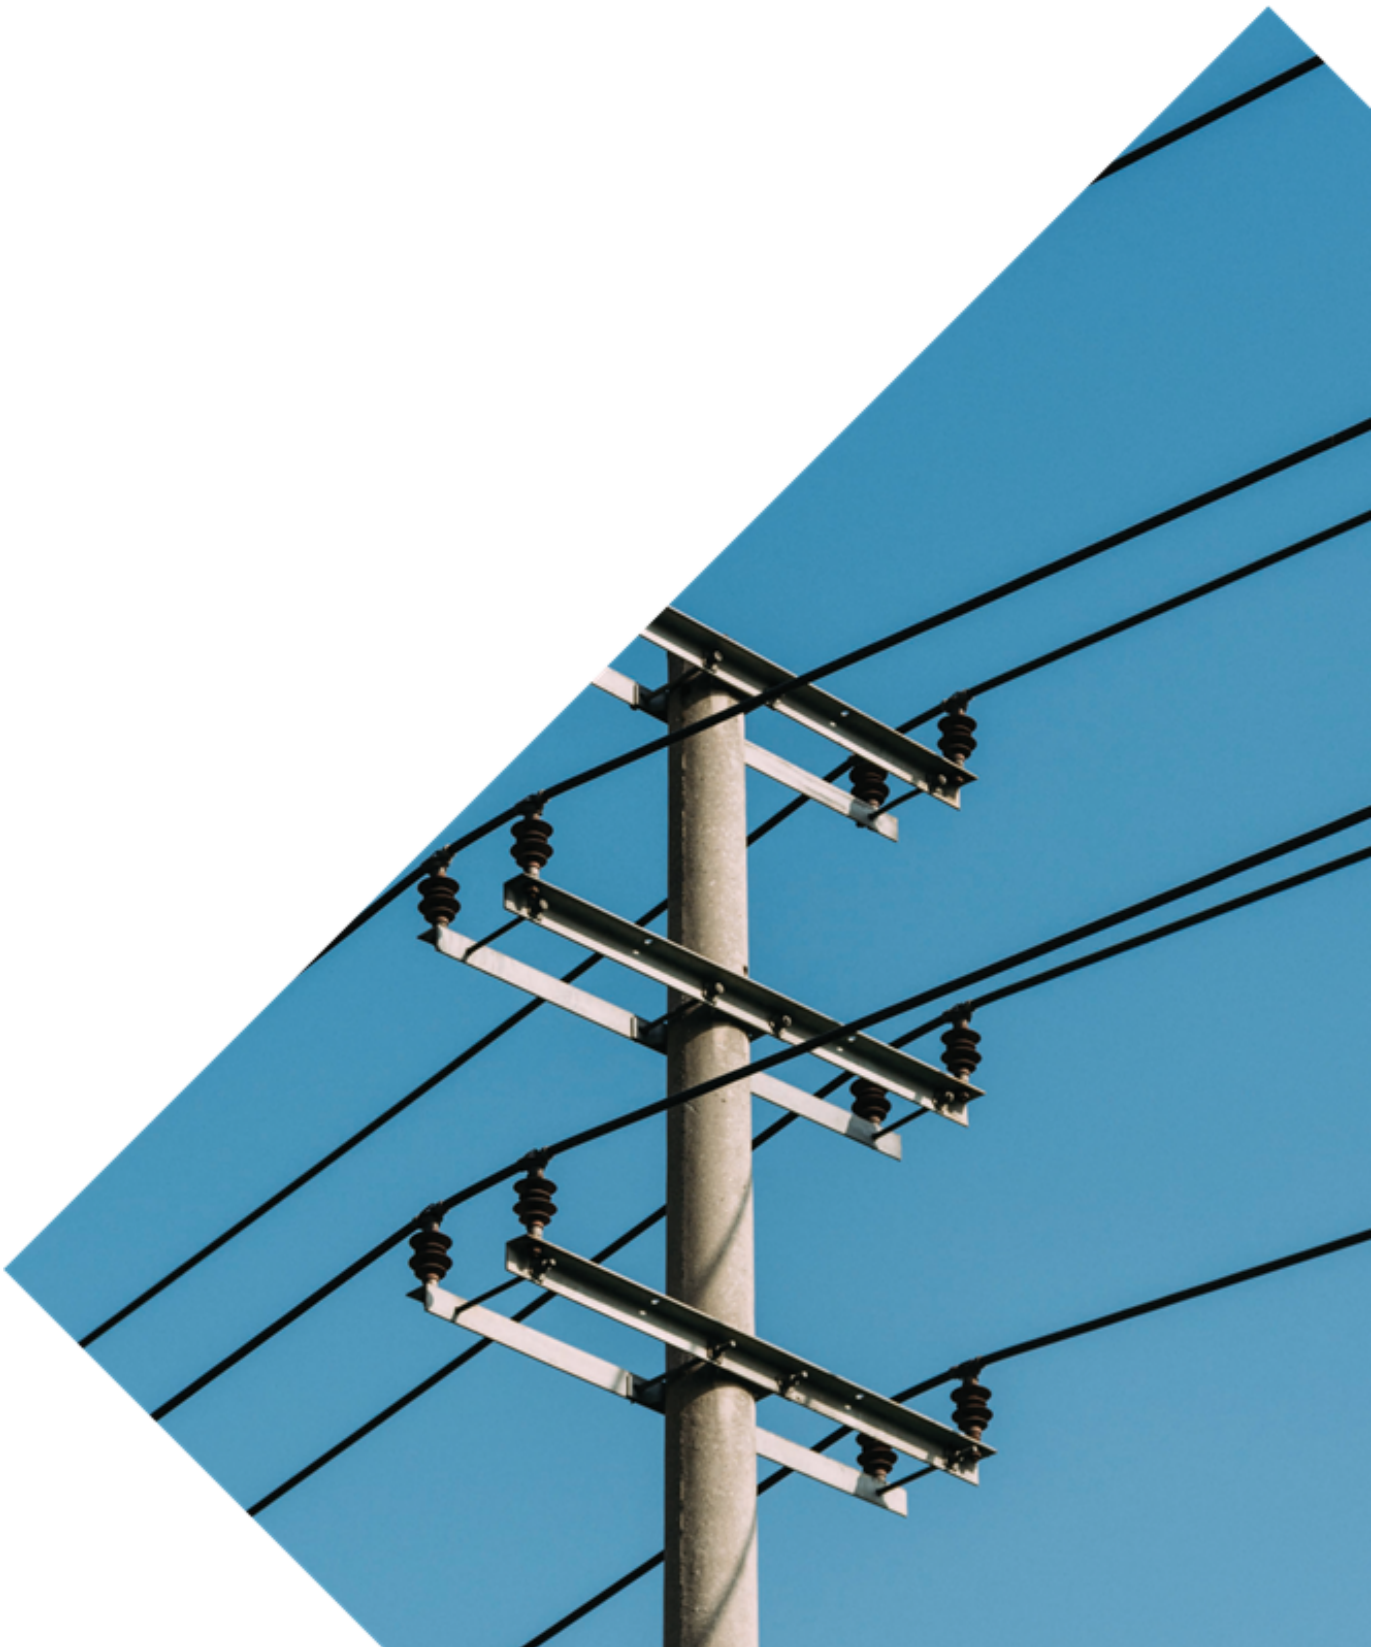

- Termination Kit for 1 & 3 Core Power Cables
- Elbow Connectors for IEC and Nema Circuitbreaker and disconnectors

- LV and MV Transformer
- MV Protective Relays
- Lighting Fixtures

POWER DISTRIBUTION PRODUCT PROFILE

**Reliable, Quality Solutions for all your POWER DISTRIBUTION
needs**

Rolive Kenya Ltd Power Division stands united as a team in delivering turnkey electric distribution and transmission construction projects while providing a safe and respectful workplace that promotes the excellence in each of us.

We have a well-diversified and trained workforce that has the necessary knowledge and expertise to exceed industry standards for construction while striving to provide our customers with the best possible service they can experience.

Our scope includes but limited to the following:

- **Installation and assembly of power transformers and associated auxiliaries.**
 - **Installation of high-voltage switch gear up to 220kV GIS and 400KV AIS**
 - **Installation of disconnectors, current transformers, voltage transformers, shuntreactors and capacitor banks**
 - **Installation of controlpanels, protection panels, SAS and telecommunication equipment.**
 - **Termination of power and control cables in protection panels,control panels,TX control panels, circuit breaker cubicles, marshalling kiosks, disconnector boxes, battery charger, LVAC distribution panels.. etc...**
 - **Installation of cable management systemsand support structures**
 - **Erection of gantriesand equipment structures**
 - **Conductor stringing, Installation of copperand aluminum busbars and overhead conductors.**
 - **Installation of substation earthing system.**
 - **Installation of street, security and public lighting.**
 - **Fencing works**
 - **Installation of batteriesand battery chargers**
 - **Installation of LVAC and distribution boards**
- Testing, commissioning and energization**

OVERHEAD POWER LINES DISTRIBUTION

TRANSFORMERS

**Power transformers upto
220kV**

**Oil type distribution
transformers**
